

Quality - C7456

Description

450gsm PVC Coated Polyester, Linen Finish with Lacquer

C7456 is mainly used for marine cover applications or tent mud walling. The linen finish gives C7456 more of a "textile" appearance than traditional matt and gloss finishes. The addition of an acrylic lacquer gives better UV protection and aids dirt repellence.

Prices

Technical Data

Parameter	Result	Test Method
Base Cloth	Polyester	
Coating	Flexible PVC both sides	
Total Weight	450gsm	
Tensile Strength	Warp - 2,500 N/50mm Weft - 1,800 N/50mm	EN ISO 1421
Tear Strength	Warp - 250 N Weft - 250 N	DIN 53363
Coating Adhesion	70 N/50mm	EN ISO 2411
Fire Behaviour	<100m/min	ISO3795
Special Properties	ABUV	

Lows of Dundee are one of the largest distributors of industrial textiles and accessories in the UK. Based in Dundee, and with an extensive warehouse in Blackburn, we are well placed to send shipments all over the UK. Lows of Dundee have developed partnerships with suppliers from a number of countries across the world so that we can offer continuity of quality and supply for our standard products. With our primary partner, SIOEN, we also offer technical solutions in PVC coated textiles, developing customer specific products for specialist applications. We also offer production runs of products with a colour matching service for both standard and non standard products, including options such as duo colour, blackout, FR, lacquering and many more.

All Technical Data is indicative.

Specification details are offered in good faith, but will not be accepted in matters of warranty.
