REACH STATEMENT

We confirm that all chemicals in articles supplied by Lows of Dundee have been registered and can therefore be supplied as part of an article.

We hereby inform our customers that some of our articles contain the following chemicals which appear on the ECHA Candidates list of SVHC's;

DOP (Diocetyl Phthalate) > 0.1% w/w

Cas No 117-81-7

Also, some yellow and red shades may contain minute traces of the following;

Lead Sulfochromate Yellow

Cas No 1344-37-2

Lead Chromate Molybdate Sulphate

Cas No 12656-85-8

We continue to work with suppliers to identify any additions of SVHC components and update our information accordingly.

Only a few of the products we supply are affected by this. If you require information about specific product, please contact us and we can give further information.

Yours faithfully,

Andrew Swift
Associate Director CF
